OUTDOOR FLOORING

STONE

Colori compatti ed una struttura superficiale bocciardata antiscivolo. La serie riproduce il tradizionale porfido italiano, impiegabile con continuità in interno ed esterno, con destinazione d'uso residenziale e commerciale anche di elevato traffico.

Dense colours with a non-slip, bush-hammered surface structure. The series reproduces traditional Italian porphyry and can be used to create a seamless look to link interiors and exteriors, for residential use or high-traffic commercial applications.
