Abbiamo sviluppato una gamma di basi fresate altamente versatili e modulari, pensate per adattarsi a pannelli di diverse collezioni. Ogni base è progettata per consentire l'inserimento e l'intercambiabilità dei pannelli, offrendo una personalizzazione completa. Grazie al sistema modulare, è possibile creare combinazioni uniche e diversificate, rispondendo a ogni esigenza di stile e funzionalità, ideale per ambienti sia ridotti che ampi.

We have developed a range of highly versatile and modular milled bases, designed to accommodate panels from different collections. Each base is engineered to allow easy insertion and interchangeability of panels, offering full customization. Thanks to the modular system, it is possible to create unique and varied combinations, meeting every need for style and functionality—ideal for both small and large spaces.

Espositore professionale per piastrelle ceramiche di grande formato 60x120 cm, progettato per valorizzare al massimo il prodotto in showroom, fiera o punto vendita. Il sistema è dotato di carrelli estraibili che permettono di consultare e movimentare le lastre in modo semplice, fluido e sicuro, migliorando l'esperienza del cliente e facilitando il lavoro del personale.

La base diagonale inclinata consente di affiancare più moduli in continuità, creando una composizione lineare ed elegante, senza interruzioni visive tra un espositore e l'altro. Questo permette di realizzare pareti espositive modulari, ordinate e altamente scenografiche, ideali per presentare intere collezioni o percorsi colore/materiale.
