NAMUR

La riproduzione delle tipiche tessiture della pietra di Namur in Vallonia. Lo smalto, morbido e coprente, è arricchito da un fine effetto materico digitale. La gamma si sviluppa in 2 formati rettificati e 2 colori, per un versatile utilizzo nei più moderni contesti.

Porcelain stoneware inspired by the typical texture of a calcareous stone from Namur, in Wallonia. Its mellow and solid glaze is enriched by a finely-textured digital effect. The range offers 2 sizes and 2 colors, making the series a versatile choice for wall or floor coverings in residential and commercial contemporary settings.
